

## SCOPE / OPTICS DECORATING LIABILITY WAIVER FORM

I hereby acknowledge that Liqua Dip Graphics has fully explained the process required for the decoration of my Scope(s) and/or Optics. I fully understand that my Scope(s) and/or Optics must be completely submerged in liquid in order to complete the water transfer printing process.

I acknowledge that by allowing Liqua Dip Graphics to decorate such referenced items above that flooding may occur and I am willingly allowing Liqua Dip Graphics to complete the decoration of my Scope(s) / Optics even though my item(s) may be damaged.

I **SHALL NOT** hold Liqua Dip Graphics, and any Representatives or Employees thereof, responsible for any damages that may occur related to the liquid submerging of my Scope(s) / Optics required to complete the water transfer decorating process.

I understand even though many Scope and/or Optics manufacturers are advertised as waterproof and/or water resistant, that manufacturers may not have indicated total liquid submersion of their product to be included in such warranty coverage. I acknowledge by signing this waiver form that Liqua Dip Graphics has referred me to contact my Scope(s) and/or Optics manufacturer with questions regarding such warranty coverage. I understand that if such damage occurs, the manufacturer may void my Scope(s) and/or Optics warranty.

**I hereby give Liqua Dip Graphics permission to decorate my items and fully understand the risks involved.**
